

THE DEMOCRACY VIRUS

(NOT a computer virus)

pass on the infection

The idea ::

People decide about their own affairs, on matters of public concern.

How??

Add direct democracy to our parliamentary system.

What??

§ A binding referendum for new law can be started by citizen initiative.

§ Veto and abolition of laws and decrees by citizens' referendum.

§ Serious matters of state (the "constitutional") and major international treaties must be submitted to the people for referendum.

Where??

All levels of government including: local council, county council, devolved parliaments, westminster parliament.

When??

It depends on you. Spread the idea. Make it happen.

INITIATIVE AND REFERENDUM
